

## SHIFTEA - Green Leaf Shifter

SHIFTEA - Green Leaf Shifter is a well proven machine for shifting the Kutcha leaf. It serves as a feeder for Rotorvane and CTC machines. The machine is fitted with a stainless steel perforated tray. Leaf fed onto the tray moves in a series of hops thereby shifting, cooling & breaking the lumps' in leaf and also separates any foreign matter and dust from Tea leaf. The machine is noiseless and vibration free.
